Soft-sided slide-in

Insulated heavy-duty fabric walls, manual lift, a one-piece aluminum roof and XPS rigid foam insulation.

Explore Backcountry

Expedition

$24,995

Est. starting weight: 1,200 lbs

Hard-sided slide-in

Rigid fiberglass upper walls, electric lift, a one-piece aluminum roof and XPS rigid foam insulation.

Explore Expedition

USD starting prices and estimated starting weights are for base configurations. Options, dimensions and equipment can change the final price and loaded weight.

02 CHECK YOUR TRUCK

Pickup beds: 5.5, 6.5 and 8 ft. Custom flatbeds require individual review. Before ordering, confirm actual bed and cab dimensions, mounting points, loaded payload, axle and tire ratings, and center of gravity.
